

Scaling Up Bio:

Delivering Canada's low carbon, bio-based economy through sustainable innovation

November 14 – 16, 2016

Panel #1: Setting the Stage

Moderated by:
David B. Watters, President/CEO
Global Advantage Consulting Group Inc.

What is the Context?

1. New “open” Federal Government

Extensive Consultations:

- Fundamental Research
- Innovation
- Health Accord
- Growth Council

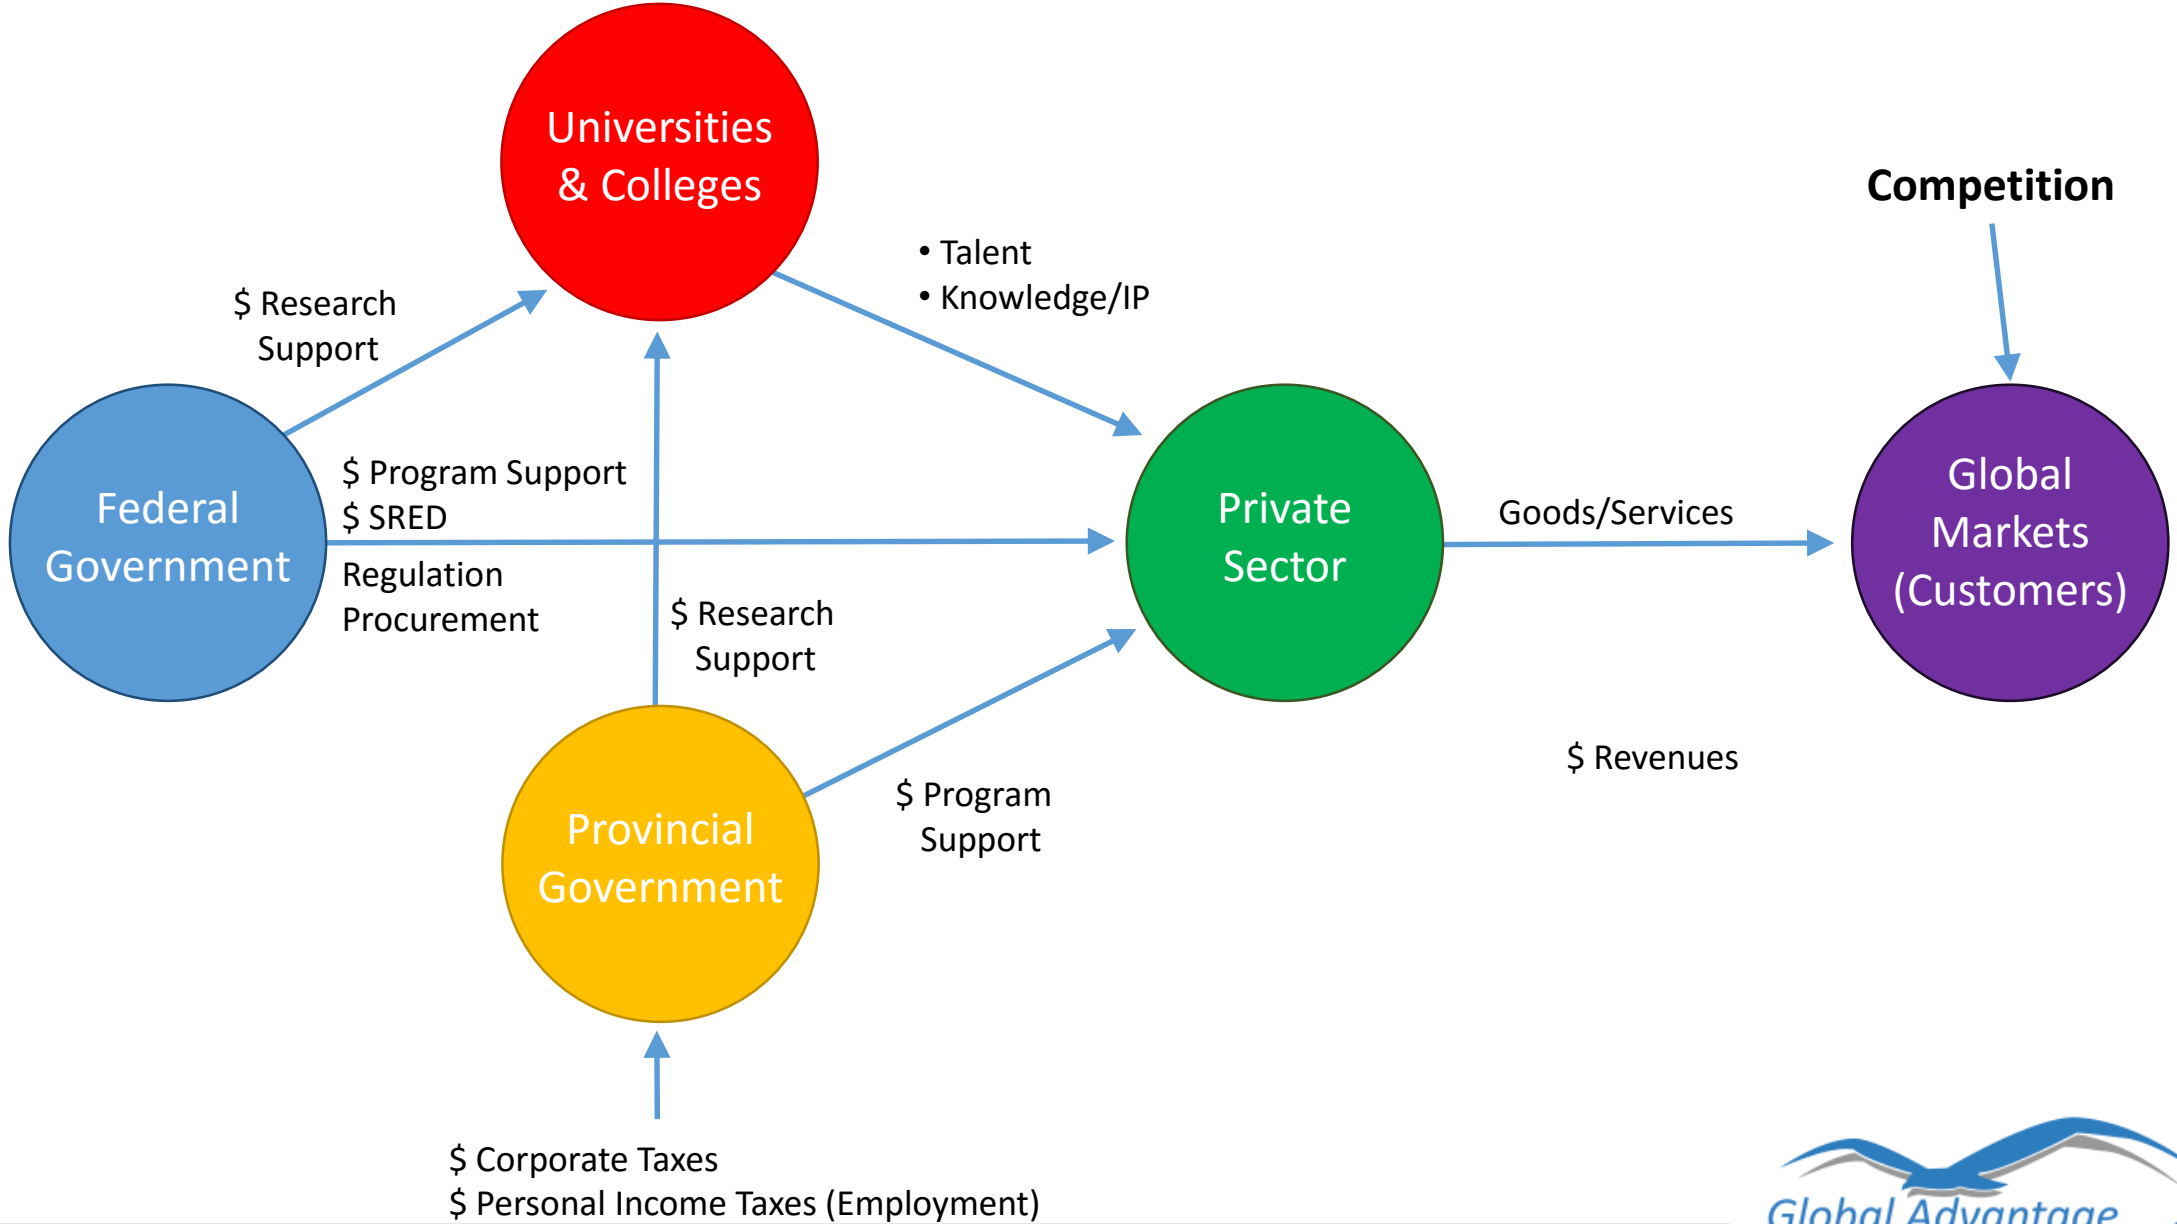

- Clean Growth + Climate Change
- Trade
- Indigenous Peoples
- Tax System

2. Constrained Global Economic Growth

3. Limited funding flexibility

4. Uncertainty of Trump Administration

Delivering Canada's Bio-Economy through Sustainable Innovation

Scaling Up the Bio-Economy:

Access to Financing

Access to Talent

Access to Research

Access to Technology

Access to Markets

Think BIG!
